creora® inspires new Intimate and Underwear directions at Interfilière

Paris 24-26 January 2008 - Stand Hall 1- A72/ B77

Four key Textile Directions for intimates and underwear, **Modern Sculpture**, **Nature's Gift**, **Light Illusion** and **Antiquity** will be shown at Interfilière by **Hyosung's creora®** the second largest spandex producer in the world.

MODERN SCULPTURE ensures that today's consumer can be confident that comfort and support will last 24/7; **creora®** delivers power meshes and micro knits with contrasting satin, jacquard selvedge finishes and updated prints. This trend incorporates moisture management to keep the wearer dry no matter what level of activity.

Highlighting **creora® performance H-300/H-350** high power spandex, **creora® eco C-400/H-450** – the low heat settable spandex plus **creora® comfort C-600** and **creora® black H-100D** for intense black & yarn dyeing.

Also key is **Hyosung's aerocool®** nylon & prizma offers moisture management combined with **creora®** spandex.

Garment end uses are active intimates and underwear with compression zones for bra tops, briefs and shorts.

Sustainability is the core of **NATURE'S GIFT** with the emphasis on reducing carbon emissions and pollution and adding wearer wellbeing. Ecology and performance merge with natural fibers and built-in anti-bacterial and anti-microbial functional features. **creora® eco H-450/C-400** low heat settable spandex for reduced energy usage and **creora® black H-100D** for reduced dye waste effluent. Add **Hyosung's MIPAN® colormax**, **magicsilver** and **aerosilver®** polyester with **creora®** to create seamless garments with built in support and natural touch for women and men which transcend to loungewear. Or add new **MIPAN® regen®** recycled nylon for a totally eco-friendly fabric combination.

Modern Sculpture

Beige: C-600 - SAM A KNIT – SA-2001
Chocolate: H-250 - SNT Co -160109
Black: H-100D - PUCHEON - Aerosilver 330

Beige: H-450 - HONGIK KNIT - HK-1157
L. Brown: H-450 - ECLAT - R10605064
D. Brown: H-450 - HONGIK KNIT - HK-1143

LIGHT ILLUSION sums up how the barely-there factor is being taken to its extreme as ultra light power stretch fabrics continue to develop but with an innovative fancy note. With the finest forms still reliant on the synthetic sector, lightweight qualities are incorporating refined natural fibers including cotton.

Leading fabrics are made with fine denier spandex from the **creora® lite** family blended with **MIPAN®** microfiber nylon. Other fibers include **creora® black H-100D** to keep black and dark tones intense and **MIPAN® colormax®** for enhanced color richness,

Add **Hyosung's askin®** polyester used for the finest of knits with **creora® eco H-450/C-400** for lightweight seamless and finest gauge knits and **creora® comfort C-600** to enhance the comfort of this barely-there lightweight trend.

Garment Applications embrace second skin, bodyshaping support, seamless and updated decorative detail all in the lightest of fabrics.

A trip down memory lane inspires the **ANTIQUITY** theme as classic chantilly, pointelle, broderie anglaise, are reworked through natural and synthetic fibers with **creora®** to offer modern stretch and support. This delicate trend oozes femininity enhanced with the vintage glimmer of stretch satins and two-tone shot effects.

Lightweight fabrics are created using **creora® lite** to bring power fabrics, fine delicate lace fabrics with **Hyosung's MIPAN® colorist** nylon/polyamide and crystallized **MIPAN®** tri-lobal & fine yarns bring a subtle antique sparkle to matte bases **creora® comfort C-600** brings added performance to modernize classics fabrics.

End uses are shorts & worn to be seen camisoles tops, molded & structured bras, and ultimate glamorous sleepwear.
